2 Food We Eat

How does food reach our plate?

The Journey of Rice

Arun is about to throw away his vegetable biryani. Grandma gently stops him.

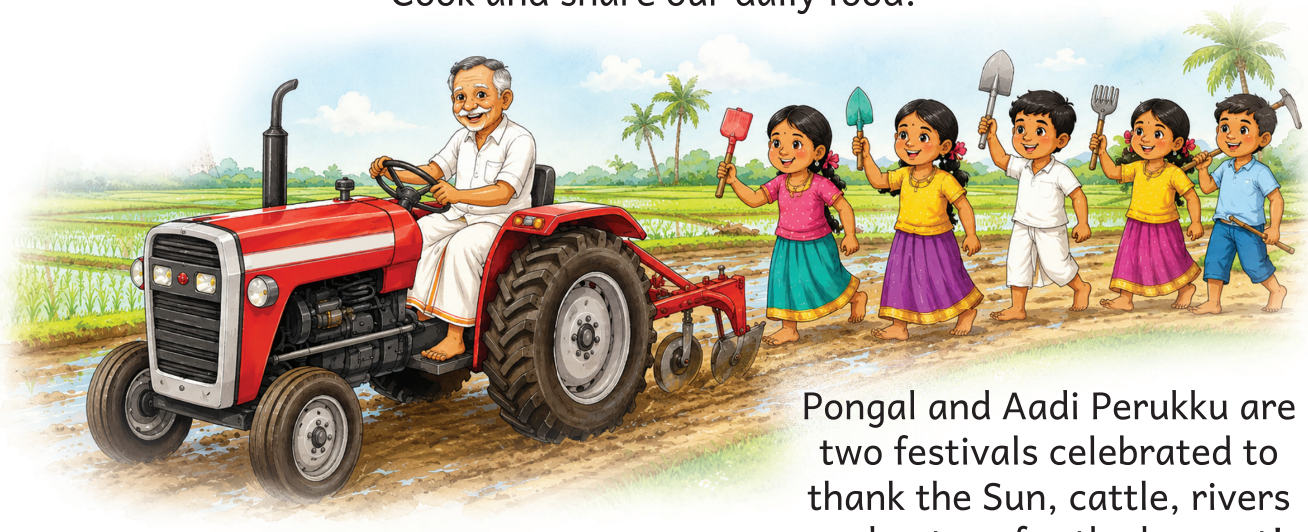

Let us sing!

Clap your hands! Sing along!
Plough the field, strong and long!

Wave your hands! Touch your toes!
Water well, as the green crops grow!

Snap your fingers! Tap your feet!
Harvest golden rice so sweet!

Tap your knees! Nod your head!
Cook and share our daily food!

Pongal and Aadi Perukku are two festivals celebrated to thank the Sun, cattle, rivers and nature for the harvest!
