Learning Check

Answer the following questions.

1. Circle the same shapes.

2. Which shape is not used in the given model?

(a) Cone (b) Cylinder (c) Cuboid (d) Sphere

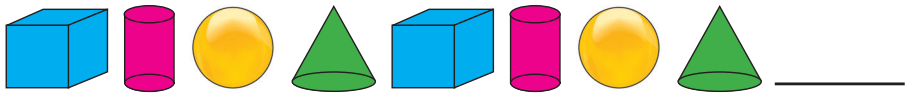

3. Circle the shape that has only two flat faces.

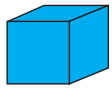

(a)  (b)  (c)  (d) 

4. Circle the shape that has only one curved edge.

(a)  (b)  (c)  (d) 

5. Which is the next shape in the pattern?

(a)  (b)  (c)  (d) 

What I Learnt

I can...

identify the different positions of shapes. ☐

understand the properties of shapes. ☐

create models using shapes. ☐

create patterns in shapes. ☐
