Let us Do

Arrange the children in two groups. Ask each group to create a pattern using shapes (square, triangle, rectangle and circle). Make them find the rule for the created patterns.

Let us Practise

Observe the patterns in shapes and complete.

Let us Explore

Write True or False.

1.  8th shape in this pattern is a square. .....

2.  9th shape in this pattern is a circle. .....

3.  7th shape in this pattern is a rectangle. .....
