

After watering the banana saplings, all three of them returned home.

THB Narrate the story and introduce multiplication and the symbol for multiplication. Also, Emphasize that 'multiplication' is the short form of 'repeated addition'.

Multiplication

The symbol '**x**' is used to denote multiplication.

There are 8 rows with 5 banana saplings in each row.

$$5 + 5 + 5 + 5 + 5 + 5 + 5 + 5 = 40$$

8 times 5 is 40

$$8 \times 5 = 40$$
