Let us Learn

Can you tell, Which is longer? Which is shorter?

Let us Do

Place two equal length sticks on a table with different starting points. Ask children which is longer? which is shorter? and which are of equal lengths? Measure the sticks using a metre scale and show both are equal and remain unchanged.

Let us Explore

Which is longer? Which is shorter? and Which are the same? Discuss.

Who is the tallest? Discuss.

Which is the shortest animal? Discuss.
