2. Postal Envelope

Let us Learn

Observe the position of the postal envelope in the postman's hand in each picture. What do you see?

Let us Do

Draw a circle in the centre of the classroom. Place cut-outs of shapes like square, rectangle, circle and triangle in various sizes. Arrange the children in 4 groups, make them stand in 4 corners and name the groups with those shapes. When the teacher says "start", every child from each group has to come one by one and pick a card as per the group's name and place it in their respective corners.

Let us Practise

Join the ones that are in the same orientation.
