Let us Learn

I am a square.
I have 4 sides.
I have 4 corners.
All my 4 sides are equal.

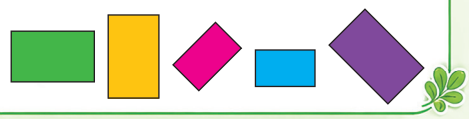

All these are my various positions.

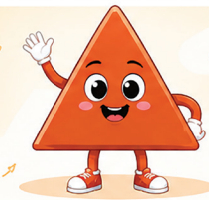

I am a rectangle.
I have 4 sides.
I have 4 corners.
My opposite sides are equal.

All these are my various positions.

I am a triangle.
I have 3 sides.
I have 3 corners.
My sides may or may not be equal.

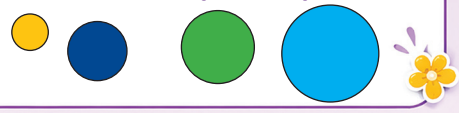

All these are my various positions.

I am a circle.
I have no sides.
I have no corners.

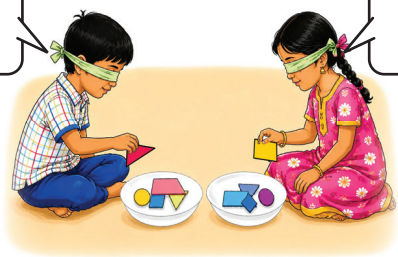

No matter the position,
I will always be myself.

Let us Do

A triangle has 3 corners.

A square has 4 equal sides.

THB

Place an equal number of cutouts of each shape in two plates. Call two children, blindfold them and ask them to take the shapes one by one, touch and feel them and say their properties.

Let us Practise

Complete the table.

Shape				
Number of sides				
Number of corners
