The Secret Singer

A big mango tree stands in the middle of a garden. Cheeku, the sparrow lives in the tree. His friends live there too. They are Mili, the myna and two noisy parrots, Beenu and Teenu.

One morning, before the sun comes up, the birds hear a sweet song.

"Tra-la-la! Wake up, sleepy heads!"

The birds wake up at once.

"Who is singing?" asks Cheeku.

"It isn't I," says Mili.

"It isn't us," say Beenu and Teenu.

The birds look around, but they cannot see anyone. "Maybe, it is a ghost!" whispers Beenu. Teenu gets scared. He quickly hides behind a big leaf.
