## Think and Discuss

- If a tree loses all its leaves, which animals may have a problem living on it?
- How is a bird's nest different from an owl's home?

## Do and Learn

**1. Observe the picture. List the animals in the correct boxes. Use the word bank to help you.**

| WORD BANK | | | | | |
|---|---|---|---|---|---|
| | crow | weaver bird | lizard | beetle | centipede |
| | eagle | butterfly | owl | spider | scorpion |
| | parrot | bat | woodpecker | snail | millipede |
| | sparrow | sunbird | ant | rabbit | goat |
| | myna | squirrel | caterpillar | earthworm | cow |
| | bee | | | | |

| Lives on canopy | Lives on leaves and branches | Lives on trunk and bark | Lives at the base of the tree |
|---|---|---|---|
| | | | |

THB Share that different animals live at various levels of the tree.

**2. Helping Birds with a Birdhouse.**

Together as a class, make a simple birdhouse using a waste cardboard box and hang it safely on a tree in the school campus.
